

2024 Full-Time Analyst Programs

“If you’re ready to embark on an adventure that will shape your future, challenge your limits, and position you at the forefront of the financial industry, then the Natixis two-year Program Analyst role is for you”

The program aims to offer participants a full time Associate position upon its conclusion, contingent on performance.

The **two-year analyst program** at Natixis is designed to provide recent graduates with a comprehensive and hands-on introduction to various aspects of the finance industry. The program is structured to offer a well-rounded experience, combining on-the-job training, **mentorship**, and **networking** opportunities. Participants will have the chance to work on real projects, learn from experienced professionals, and contribute to the organization’s success. We offer opportunities in the areas such as **Investment Banking, Trading, Sales & Financial Engineering** and **Support & Control** functions.

Throughout the program, Program Analysts will also receive regular feedback and performance evaluation to progress and identify areas for growth. This is one of our many commitments to support your continuous development and learning opportunities.

Qualifications

This program targets candidates with a high level of academic achievement, who are interested in working within a rapidly changing and demanding, but ultimately rewarding environment. The ideal candidate should possess:

- **Financial analysis:** Proficiency in financial modeling, demonstrating capability for analysis and strategic thinking; working knowledge of credit risk, financial analysis and modeling is a plus
- **Adaptability:** Willingness to learn and adapt quickly to changes in the financial markets, industry dynamics, and company strategies
- **Industry Knowledge:** A basic knowledge of how the markets work and an understanding of important related fields (e.g., accounting, economics, corporate finance) is a plus
- **Communication skills:** Effective communication skills—both verbal & written
- **Problem solving:** Analytical mindset with the ability to identify issues, propose solutions, and make sound recommendations based on available data
- **Teamwork and Collaboration:** Ability to work effectively with others
- **Initiative:** Willingness and ability to succeed in an entrepreneurial, team-based environment
- **Educational qualifications:** Bachelor’s degree in finance, economics, business, or related field
- **High proficiency** in Microsoft Excel, Word, and PowerPoint

Natixis accepts applications from a wide array of universities. Successful candidates must have authorization to work in the U.S. indefinitely. To Apply: please check your Handshake® account or find us on LinkedIn

We look forward to meeting you!

The salary for this program is **\$100,000** the first year. Natixis also offers a generous benefits package, and you may be eligible for a **discretionary incentive award** depending on Company and Individual performance.

The program lasts 2 years, from **July 2024** to **July 2026**
